When I last met the Honorary --- President of the City Municipal Council and Trust Board, Mysore, he said that it was desirable to have all the medical Institutions in the Mysore City near -- each other, that it would be practicable to give a site for the Ayurvedic College near the Chamarajendra Technical School, and that, in view of the fact, that this locality is a very important one in ---. Mysore, any structure put up here should be a decent one with a good frontage, -- and that information as to what sum --- Government are likely to send on the --- construction of a College will be of -- great help in determining whether a site should be granted in the locality in --- question and what its extent should be.

He also said that a suitable plot for conversion into a garden for growing herbs might be found near the Dodkere or Kukkamahalli Tank or in some other --- locality.

Instructions are solicited.

N.B.— Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

The expenditure is debitable to P.W. Dept and that Dept may be consulted as to where it can find funds for this work. What the total grant for P.W. Dept in 1921-22 would be is difficult to say now but this much can be stated with certainty that this and for original work 28/12 will be expended.

Memo No. 98/PWD. Dated the 10th January 1921.

Returned, with compliments.

2. It is difficult to say just at present whether the Public Works Department would be able to meet the cost of the project as the question entirely depends upon funds available for original works next year.

3. If, as the Financial Secretary states, the amount available for original works will be very little in the P.W.Budget for 1921-22, it can be definitely stated once for all that it is not possible to provide funds for this work from P.W. grants.
